The Onelife Professional Development Certificate in Leadership is seven months of leadership investment, coaching and discipleship for anyone who wants to invest in their own leadership with a vision to grow in their capacity to raise up young people as leaders around them.

Through the course, you'll benefit from regular group teaching on key aspects of leadership, one-to-one support tailored to you, and opportunities for group processing and discussion with others from your cohort.

With a focus on spiritual formation, character development and practical leadership input, you'll grow not only in your own leadership and discipleship, but also in your ability to raise others to lead alongside you. We'll equip you with our best tools and resources to take with you into the future of your ministry.

COURSE STRUCTURE

Residential

FRIDAY 17 - SATURDAY 18 JAN
WELCOMBE HOTEL,
STRATFORD-UPON-AVON

The Onelife Certificate starts with a two-day residential. This is time to get away and connect as a cohort. On the residential we will complete the first module, Character and Leadership, and have loads of time to build relationships and enjoy the beautiful surroundings.

Teaching Sessions

THREE HOURS, ONLINE, MONTHLY

These calls are focused around the different modules on the course. Each month we will have time to connect with each other, worship together, engage in two interactive teaching sessions with time to process in groups. These calls will hold the teaching and will include guest speakers.

Process Groups

THREE ONE-HOUR CALLS

These smaller gatherings are a space to ask questions, troubleshoot and thrash out what it looks like to apply the course teaching to your specific context. These will be led by one of the Onelife team.

Professional Coaching

ONE-TO-ONE SESSIONS

If you would find it valuable, we will connect you with a professional coach who will meet with you one-to-one to help you unpack your learning in your specific context. They can help you unlock your development and discuss your 720° feedback (see below).

720° Process

Incorporating feedback from a whole range of people in your life – from friends and family to co-workers and your bosses – will help you gain a picture of your areas of strength and areas of growth as a leader. The feedback is gathered by us and then fed back to you anonymously through your coach.

Onelife Conference

THURSDAY 20-SATURDAY 22 FEB, ST PAUL'S HAMMERSMITH

The Onelife Conference is a key part of the Certificate course. It's where you'll have the opportunity to land the teaching in a really practical way. Any young people you bring with you will receive a 10% discount on their tickets, and you will also spend time with the Certificate cohort. It's a brilliant opportunity for your young people to encounter Jesus.

Youth Worker Gathering

TUESDAY 13 MAY, VENUE TBC

Join us at our annual Youth Worker Gathering with others from the Certificate course and beyond. The day is about investing in your relationship with Jesus and learning how encounters with him transform and sustain your leadership. It'll be a mixture of worship, practical teaching, ministry, and plenty of opportunities to connect with others.

Assignments

There are two assignments on the Certificate course which are designed to help solidify your learning and to put the skills you have been learning into practice.
